## Introducing the: **POWERBALE 70XXL** **Semi-Automatic Horizontal Baler**

**MHM Powerbale 70XXL - Loading Aperture 2000x1500mm**

### **General Description:**

The MHM Powerbale 70XL Semi-Automatic Horizontal Baler produces bale sizes of 1500mm x 1100mm x 1100mm (L x W x H). It has been specifically designed to produce up to 850kg bales so that with less than 30 bales it fills a shipping container, typically competitor machines require 48 bales and seldom achieve optimum shipping weights of 25 tonne.

The MHM Powerbale 70XL has wear plates fitted as standard offering unrivalled serviceability of the machine, with full bale eject as standard and a portcullis door with our anti-wire snap technology. Ripping teeth are also fitted as standard to this MHM Powerbale 70XL Horizontal Baler making light work of baling a variety of waste materials. A variety of feed options are available, as standard the MHM Powerbale 70XL Horizontal Baler comes with a 2m wide hopper with a large 1500mm x 1500mm market-leading feed opening for bulky materials, other options include; Conveyor feed, trunnion bin lifter or mechanical feed. The controls have multi-product selection capabilities for various products ensuring maximum bale weights. Built by ourselves MHM (UK) LTD here in the UK you can be assured of incomparable service levels.

## Technical Specification

Bale Size Nominal:	1500mm x 1100mm x 1100mm (L x W X H)
Bale Weight:	up to 850kg (dependent on waste stream)
Compaction Force:	70 Tonnes
Motor Power:	18kW
Cylinder Bore:	200mm
Bale Discharge:	Full Eject
Bale Chamber End Door:	Vertical Hydraulic
Wire/Tape Tying:	5 Horizontal Wire Ties
Bale Full & Pre Full Indicators:	Standard
Baling Wire or Tape Holders:	Standard
Automatic & Manual Cycle Operation:	Standard
Bin Tipper Range:	240 – 1100 Litre ( Optional)

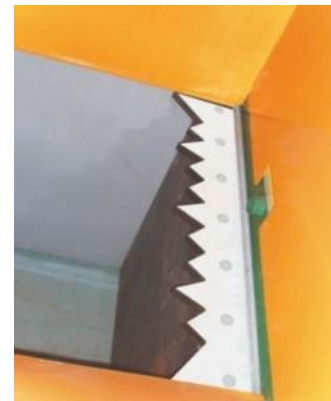

Power Supply Rating: 63 Amp 3P & E, D-Rated Breaker

### Dimensions:

Loading Aperture Nominal 70XL:	2000mm x 1500mm (L x W)
Overall Baler Length 70XL:	8400mm
Overall Baler Width:	2400mm
Loading Height:	1900mm
Overall Height:	2800mm

### Options available:

- Custom Hopper Designs
- Conveyor Feed
- Bale Eject Beacon/Buzzer
- Retention Claws
- Bin Lift with Safety Cage
- Left or Right Hand Side Layout
- Personal Safety Bar/Contact

### Pictured above:

Heavy duty serrated cutting knife makes light work of cutting and baling with the minimum amount of effort.
