

Introducing the: **POWERBALE 60XXL** **Semi-Automatic Horizontal Baler**

MHM Powerbale 60XXL - Loading Aperture 2.0m

www.mhmukltd.com

General Description :

This Horizontal Baling machine can produce bales sizes of (1200mm-1500mm x 1100mm x 1100mm (L x W x H) with weights up to 750kg and up to 3T per hour depending on the waste stream and method of loading as well as this, it makes light work of baling large volumes of waste materials with the minimum amount of effort. The controls have multi product selection capabilities for various products ensuring maximum bale weights

Produces 32 bales per shipping container achieving maximum weight capacity

Automatic Start - Automatic Compacting Cycle - Manual Tying

The Twin Ram Market leading Portcullis end door has been designed to eliminate any pulling & snapping of bale wire on ejection.

Bale chamber wear plates as standard.

Machine could be set to work with 3 different programs which change baling capabilities for different products to ensure consistency of bale weights.

Ripping Teeth are fitted as Standard.

Options available:

- Custom Hopper Designs
- Conveyor Feed
- Bale Eject Beacon/Buzzer
- Retention Claws
- Bin Lift with Safety Cage
- Left or Right Hand Side Layout
- Personal Safety Bar/Contact

Technical Specification

Bale Size Nominal:	1200mm-1500mm x 1100mm x 1100mm (L x W X H)
Bale Length:	1200mm - 1500mm
Bale Weight:	up to 750kg (dependent on waste stream)
Compaction Force:	60 Tonnes
Motor Power:	15kW - 18kW
Cylinder Bore:	200mm
Bale Discharge:	Full Eject
Bale Chamber End Door:	Vertical Hydraulic
Wire/Tape Tying:	5 Horizontal Wire Ties
Bale Full & Pre Full Indicators:	Standard
Baling Wire or Tape Holders:	Standard
Automatic & Manual Cycle Operation:	Standard
Bin Tipper Range:	240 - 1100 Litre (Optional)
Average Cycle Time:	50 Seconds
Power Supply Rating:	32 Amp 3P & E, D-Rated Breaker

Dimensions:

Loading Aperture Nominal:	2000mm x 1100mm (L x W)
Overall Baler Length:	8400mm
Overall Baler Width:	1800mm
Overall Height:	2800mm
Open Hopper Extension:	500mm
