Introducing the : MHM32YD Portable Compactor

General Description

The 32YD portable compactor is manufactured on a CHEM Standard Ro-Ro chassis it has fully welded seams and smooth internal/external line for hygiene and corporate livery.

Manufactured with a liquid retentive rear door seal system, this prevents liquid leakage onto water courses and reduces hygiene and odour issues considerably.

Our compactors are ideally suited to food, food processors, hospital wastes, with the unit being water retentive, and offers a high degree of security.

Optional features include:

- Hopper fill.
- Manual fill with enclosed hopper and door
- Bin lifter with safety cage
