Introducing the: MHM2200S Static Compactor

General Description

The MHM2200S static compactor is our medium to large range of compactors.

Ideally suited for heavy industrial usage.

This unit is ideal for general and factory use, bulky wastes, and cardboard.

The MHM2000S is either filled by hand or by hydraulic bin lift (wheelie bin) or by loading the hopper. An extremely reliable and well-built machine with a powerful compaction force.

All static compactor machines sold are installed by our service department and full operator training is given on installation.

Our recycling machinery is compliant, and CE marked and carries a 12 month (or 2000 hours whichever soonest) parts and labour warranty.
