

Introducing the : MHM 4000 Static Compactor

www.mhmukltd.com

General Description

The MHM4000 Static Compactor is for high volume waste.

It is manufactured with an extra large charge box to take bigger items of industrial waste and it can handle civic amenity waste and is ideal for local authority sites.

Varieties of loading hoppers can be supplied including chute, conveyor and fork truck loading or by hydraulic bin lifter + safety cage

Key Features

- High compaction ratio
- Reduced fire risk
- Reduces vermin threat
- Total waste containment
- Reduced odour
- Reduces collection costs
- Prevents windblown trash
- Prevents unauthorised access to waste
- Improved on-site hygiene
- Automated pinning off for ease of use
- Full 12 months on-site parts and labour warranty
